SCHMERSAL
THE DNA OF SAFETY

Work that protects – people who stand together.

WE'RE HIRING:
Master Data Specialist (m/f/d)

Wuppertal

For more than 80 years, Schmersal has been developing technologies that protect people – in a company built on trust, responsibility, and teamwork. Whether you are just starting your career or already bring valuable professional experience, you can expect exciting challenges, genuine opportunities for growth, and a work environment where collaboration and commitment are highly valued.

YOUR RESPONSIBILITIES

- Create and maintain product and sales master data in SAP, ensuring consistently high data quality

YOUR QUALIFICATIONS

- Successfully completed commercial vocational training, preferably as an Industrial Management Assistant or in Wholesale and Foreign Trade

- Manage and monitor product creation and product phase-out processes
- Maintain product status information, special net prices, customer-specific sourcing arrangements, as well as traded and complementary products
- Coordinate product and master data topics with Development, Materials Planning, Purchasing and Product Management
- Collaborate closely with our international locations to ensure consistent master data processes across the organization
- Continuously review, optimize and further develop existing processes and workflows
- Conduct SAP user training for our international subsidiaries and provide support on master data-related questions

Management, or a comparable qualification

- Several years of relevant professional experience in master data management or a comparable field
- Confident user of SAP and MS Office
- Good written and spoken German and English skills
- Structured, accurate and reliable way of working
- Strong technical understanding and a genuine interest in technical products
- Strong quality awareness and a high affinity for data and data quality
