

SCHMERSAL
THE DNA OF SAFETY

Work that protects – people who stand together.

WE'RE HIRING:

Technischer Mitarbeiter für Support & Variantenkonstruktion (m/w/d)

Wettenberg

For more than 80 years, Schmersal has been developing technologies that protect people – in a company built on trust, responsibility, and teamwork. Whether you are just starting your career or already bring valuable professional experience, you can expect exciting challenges, genuine opportunities for growth, and a work environment where collaboration and commitment are highly valued.

YOUR RESPONSIBILITIES

- Providing administrative and technical support in the area of master data and bill of materials maintenance

YOUR QUALIFICATIONS

- Successfully completed technical vocational training, ideally in the field of technical product design

- Creating nameplate and label layouts, including coordinating required information and change requests with the relevant departments and preparing the associated documentation
 - Creation, modification, and review of design drawings, as well as the design of 3D components, assemblies, and devices in the field of electromechanical safety switching systems
 - Classification of components using SAP and verification of stored data for completeness and plausibility
 - Planning and commissioning of tests, as well as evaluation and documentation of test and measurement results
- (specializing in product design and engineering)
- Further training in mechanical engineering is a plus
 - Relevant professional experience in the specified field and enthusiasm for electromechanical designs
 - Good working knowledge of 3D CAD (preferably PTC Creo) as well as proficiency with SAP and MS Office
 - Experience with CorelDRAW, Codesoft, and/or PHOTONmark is a plus
 - Fluency in spoken and written German and English is mandatory
 - Independent, structured work style, ability to work in a team, attention to detail, and strong communication skills
